# Hanford Contracting and Landscaping

## ▶ INTRODUCTION :

- ▶ Hanford Contracting & Landscaping and their associate companies have been growing in the middle east for the last few years where their products and services are setting standards in the region by providing unique services for our clients through continuous efforts and dedication to the regional market and through high quality performance.
- ▶ The key of the success of our services in the market is by using new technologies, where innovative designs and advanced engineering techniques have given us edge over our competitors
- ▶ As the region is heading towards implementing new technologies at all levels and scales, we have restructured our company to meet the new challenges. Thus, we are constantly upgrading our services to achieve complete satisfaction to our customer's needs and this is emphasized by meeting the standards laid out by the ISO 9001 .
- ▶ We seek the opportunity to serve and provide you with personalized services from upper management to field staff for the successful delivery of your project on time and within the budget. The company instills this philosophy to our employees to do the kind of work that makes our clients want us to build their next project with us.

# MISSION QUALITY & HSE

# MISSION, QUALITY & HSE

## ▶ **MISSION**

- ▶ To perform our customers the highest level of quality construction services at fair and market competitive prices.
- ▶ To ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all areas including timelines, attention to detail and service-minded attitudes.
- ▶ To maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships with our suppliers, subcontractors, professional associates and customers

## ▶ **QUALITY**

- ▶ We implement, monitor & maintain a Quality System at all of its functioning through Procedure, Instructions, Training, Audits & Reviews. Management shall provide adequate resources & corrective actions for continuous improvement in the Quality of Services.

## ▶ **HEALTH & SAFETY**

- ▶ We implement a Health and Safety Programme at all sites as per the client's requirements & applicable standards to safeguard its employees and other assets from possible hazards.

## ▶ **TRUST & SPEED**

- ▶ We have committed to satisfy the clients by providing the complete range of construction services to meet their requirements within time frame through well experienced & dedicated work forces, equipment and as per the applicable standards.

## **SAFETY POLICY**

We have a commitment to job site safety. HCL believes that worker protection is an important element in the company's success and is a trust between employees and the clients. Our excellent safety procedure demonstrates our dedication to the highest level of job site safety and quality assurance.

The excellent safety procedures implemented by HCL are designed to meet the specific requirements for the installation. We fully adopt the Health and Safety regulations and standards guide all individuals of the general systems that are needed in the workplace to protect employees from potential risks / hazards that may cause any form of harm.

To ensure that working conditions are acceptable and to instill AWARENESS - of potential risks and hazards, as well as safety standards and safe working procedures to prevent any possible incidents.

### ***Introduction to our program***

HCL policy makes the safety and health of our employees the first consideration in the operation of our business. It is the intent of HCL to comply with all the laws concerning the operation of the business and the health and safety of our employees and the public. To work within ethic Corporate Governance and consideration of all those around us.

We strive to be aware of the conditions in all work arenas that can produce or lead to injuries. No employee is required to work at a job known to be unsafe or dangerous to their health. Cooperation in detecting hazards, reporting dangerous conditions and controlling workplace hazards is a condition of employment. Employees are advised to their supervisor immediately of any situation beyond their ability or authority to correct. Employees will not be disciplined or suffer any retaliation for reporting a safety violation in good health.
